PROACTIVE CARE PLAN

With our Prevent plan you experience the benefits of the Periscope plan with the added value of us performing routine maintenance checks and managing your security patches.

Prevent includes

- Active 24/7 monitoring of your server(s) and workstation(s)
- Monthly reporting on the health of your server(s) and workstation(s)
- 7.5% discount on onsite/remote support
- Security patch updates and management
- Routine maintenance checks on server(s) and workstation(s) (includes minor fixes)
- Priority response
- Extended onsite and helpdesk hours

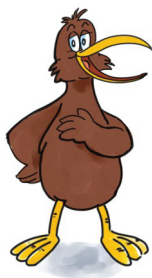

In order to ensure your server/workstation is running as smoothly and as fast as it can, regular maintenance will need to be performed just like with a car. Our Prevent plan takes care of this for you by providing monthly routine maintenance checks.
